On each day the upper cell has the morning exam(s) and the lower cell the afternoon exam(s)

1. For written exams, students report to morning exams at 08:45 and afternoon exams at 13:20 (first bell after lunch.) The exception is the French written exam which starts at 11:00 on Friday 22/06.
2. Core exams are in shaded cells. For these students report to their form classes for registration as normal and will be brought down to the dinner hall.
3. For other exams students must report directly to the dinner hall.
4. Where Eid falls, any students affected will be rescheduled.
5. Students should refer to their individual timetables for more information. This will give you more information about clashes.
6. When not attending exams, all students must be in their normal classrooms.
7. During Period 3 lessons, students will be given the opportunity, by their class teachers, to revise if they have an afternoon exam.
