June	<b>HEADTEACHER'S MESSAGE</b>			
Year 11 GCSE Examinations	Dear Parents and Carers			
Half Term	At the start of the week along with another local secondary headteacher, I attended Noor Ul Islam's Iftar event for females, following an invitation from the Noor Ul Islam's Women's Advisory Board. This offered members of the local community an interesting insight into the life of Muslims during the month of Ramadan and the opportunity to join the Muslim women in breaking their fast. I felt privileged to be able to join them and thank them for their hospitality.			
Monday 28 <sup>th</sup>	On Wednesday afternoon five of our Year 7 students went to Leyton Orient football ground to take part in a cricket tournament and came back, winners, having beaten George Mitchell School, Holy Family Catholic School and Willowfield School. Congratulations to our medal winners: <i>Aicha</i> (7F), <i>Aisha</i> , <i>Ramisa</i> and <i>Phonix</i> (7W) and <i>Yngie</i> (7H). At lunchtime on Thursday the Pop Up Maths Café joined with the Gardening Club in the LRC to meet a fascinating guest speaker – a bee keeper. I am delighted to report that although the girls were buzzing with excitement they were very well bee-hived!			
May - Friday 1st	The week ended with a DEAR day (Drop Everything And Read) on Friday for Student in Years 7-10.			
June				
Friday 22 <sup>nd</sup>				
June				
Year 11 Leavers Day				
Thursday 12th				
July				
Summer Music concert 7pm				
Friday 20th July				
Last day of term				

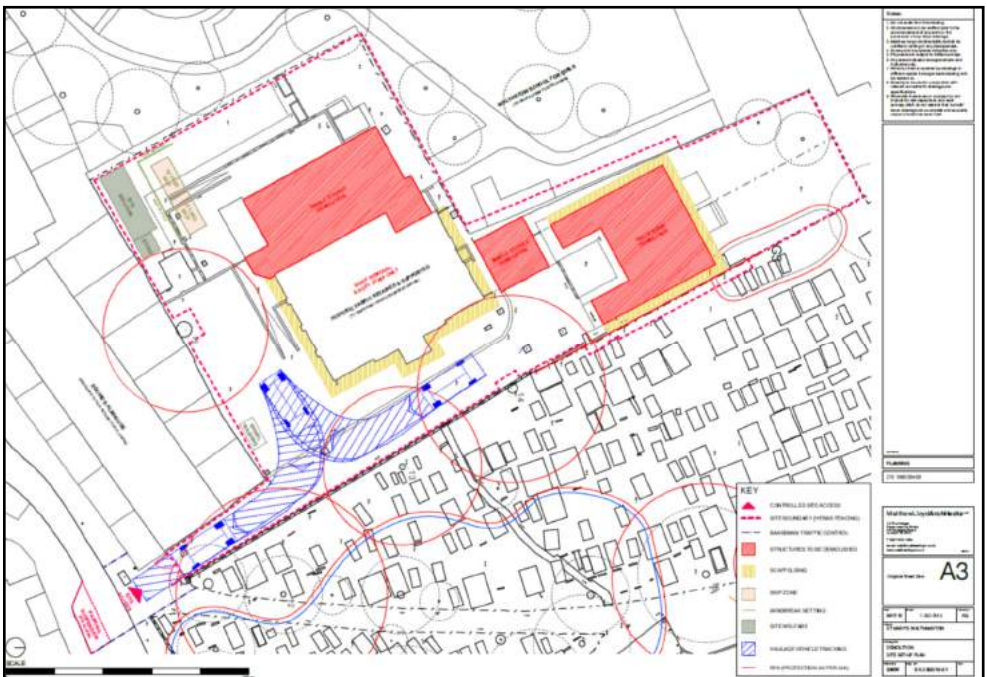

On Friday the new data protection regulations come into force.  
Please see page 6 and our website for further details on what this means for the school.

Following the information in last week's Greensheet regarding proposed redevelopment on the St Mary's Churchyard site, a letter has been sent to LBWF's Planning Department on behalf of the Governing Body and a separate letter by one of our Parent Governors. I thought you would be interested to see their thoughts (pages 3-5).

If you have any strong opinions on the proposals, please consider sending a response to [dmconsultations@walthamforest.gov.uk](mailto:dmconsultations@walthamforest.gov.uk) quoting planning application 180314. There is still time to submit comments on the consultation before the extended deadline of **31<sup>st</sup> May**.

I wish everyone a lovely Bank Holiday this weekend and happy half term to follow.

Meryl Davies  
Headteacher

Planning Department  
London Borough of Waltham Forest  
Magistrates Building  
1 Farman Avenue  
Walthamstow, London E17 4NX

  
17 May 2018

Dear Sir / Madam,

**Ref: 180314 - Location of work: St Mary's churchyard**

I am a parent governor at Walthamstow School for Girls (WSFG) and I am writing to object to the planning application for a relatively large housing development to be built adjacent to my daughter's school.

I have serious concerns about the proposed development for the following reasons:

- There is very little parental choice in the borough for single sex schools. Parents have deliberately chosen WSFG for religious and / or ideological reasons. In light of this and other concerns, I am extremely worried about the safeguarding and privacy of our students and staff. The proposed buildings are higher than the existing surrounding structures and would overlook the school site. This would undoubtedly result in a loss of privacy for staff and students. Moreover, there would also be a loss of light which could affect plants and aquatic life in our school pond area.
- The planning application is for 14 apartments in two blocks A and B. The area is a residents' parking area with close proximity to the town centre. Additionally, there are several developments under construction with insufficient parking in the proximity. It is unclear what provision the developers have made with regard to parking. The council cannot stop tenants in the new development from buying cars and parking them in parking zones both before and after restricted times.
- A large building project adjacent to WSFG will result in a significant increase in works traffic, noise and pollution in all surrounding streets. We have already suffered from increased pollution / traffic and all the health problems associated with this due to the Mini-Holland project. Moreover, increased parking and congestion by works vehicles will effectively privatise what is a public highway. It may also restrict access for emergency vehicles.
- Walthamstow School for Girls is a listed building and the proposed development is in a conservation area. The proposed block B is not in keeping with the surroundings, which are an attractive feature of the borough.
- Established trees may be cut in order to build on the proposed site.
- Local services and the infrastructure of the borough will be massively affected by an increase in the population of Waltham Forest when further tenants move into this new development. It is already impossible to get a GP appointment. Class sizes in local schools are larger than is ideal and public transport is always overcrowded with standing room only.

I hope you will take the concerns of parents of WSFG into account when considering the details of the planning application.

Yours Faithfully,

Dr Aneela Shah

NEGLECT NOT THE GIFT THAT IS IN THEE

Dear Sirs

Re: Planning Application 180314 re St Mary's Churchyard, Walthamstow

I am writing in response to the above planning application. The Governors of Walthamstow School for Girls wish to outline our key concerns regarding the proposed development on St. Mary's Churchyard land after discussing the matter with our key stakeholders.

#### Safeguarding

We have noted the two new buildings proposed, Block A and Block B will be **significantly taller** than the existing structures they will be replacing. This brings increased concerns for safeguarding of our students (girls aged 11 to 16) arising from the additional views that construction workers and subsequently residents will have of our students circulating in various social and recreational spaces during the daytime and also a direct line of sight into our classrooms. This is a particularly sensitive issue within our parental community, many of whom are Muslim families, who have chosen specifically to send their daughters to a girls' school. We are therefore seeking assurances that lines of sight into our grounds are kept to an absolute minimum and that full and transparent drawings are provided to us to support those assurances.

#### Security

There is very little information in the planning application about the strengthening of the security arrangements between the boundary of the new proposed development and the school. We have strong concerns that the new residential development will inevitably have a greater number of visitors and service providers circulating around the development and this will lead to increased security risks for the school. We are seeking assurances that the fencing between the new development and the school will be renewed and replaced to ensure that the height of the fence is at least 2.4 metres along the whole perimeter from the Church Path properties up to the metal railings of the graveyard and where appropriate, climb prevention strategies such as anti-climb paint, razor wire or other robust methods of security are deployed, based on a security risk assessment endorsed by the crime prevention team of the Council who would usually advise in these matters.

#### Aesthetic/Conservation Area Concerns

The proposed development will be within the confines of the Walthamstow Village conservation area, surrounded by historic buildings such as the Monoux and Squire's Almshouses, The Ancient House, St Mary's Church, and our own school building, which is Grade II listed, and our 'Greek' open air theatre. Whilst some thought has gone into the aesthetic considerations of the Block A building by restoring some of the original features of the St. Marys Infants School frontage, the rear extension to Block A and the entirety of Block B appear to be modern structures, of which the design and materials proposed are not sympathetic to the character and would not enhance the appearance of the conservation area.

Our understanding is that Conservation Area Consent is required for the demolition of Nos 9 and 10 Church End and that higher standards are necessary for any work requiring planning permission. We see no evidence of this in the current planning application.

We therefore ask that the Council fulfils its duty to conserve, protect and enhance the significance, character and appearance of this Conservation Area by requiring the design and quality of this development fulfils the local development plan policy DM28 and is not detrimental to the fabric, appearance, historic interest and setting.

The proposed new buildings also appear significantly higher than the existing buildings and this adds to the feeling of the school site being further enclosed by a domineering structure which will affect light quality onto our grounds and pond area especially given its proximity to the school's boundary. The development as proposed does not follow the principles of good design and local distinctiveness. We feel it lacks imagination and thought in relation to how the development interacts with its environment and surroundings. The proposed three-storey block does not in our view respond to the Conservation Area context in terms of scale, height and mass, visual attractiveness, and high quality design and materials (LDP policy DM29).

#### Disruption to School Operations

We have concerns regarding the duration of the potential building works and the disruption this may cause to day to day teaching and learning at the school. Critical activities such as our summer GCSE examinations, which span May to June each year in our Sports Hall will be less than 50 metres from the development. Other closer parts of the school will be significantly affected by the additional noise.

We also have concerns around access arrangements for large vehicles and machinery that will need to access the development site and the impact on local traffic flow. We have already seen the added problems caused by the Mini-Holland closure of roads which has diverted traffic on to Church and Prospect Hills (outside the school) and we would like to see evidence of clear consideration being given to local residents and the community for the disruption caused while building works go on.

#### Affordable housing provision

We have been told by the architects that the development will provide housing for 'key workers'. We requested further details, but to date have received no additional information. As a school employing teachers in an area where property prices have risen substantially in recent years, we would like to know how the proposed development might be of benefit to our school community. We urge the Council to seek assurances that such affordable housing promises fulfil its stated aim of 50% of new housing.

#### Responses from St Mary's design team

On 3 May, the School's Business Manager sought further clarification at the request of governors from the St Mary's design team regarding:

- The additional height of Blocks A and B compared to existing structures and the views overlooking the school building and grounds adjacent to the boundary
- The duration and timings of the proposed building works if approved
- The height of perimeter fencing
- Drawings of the new Block A façade which will face the school's Greek Theatre

To date, we have received no response to our enquiries.

The governing body and the school would welcome the opportunity to discuss our concerns further with the Council's planning department and are seeking to have our genuine concerns addressed, with the relevant assurances provided, before a final decision is made on the outcome of the planning application. As currently proposed and without the assurances we require, we cannot support this planning application.

Yours sincerely

Gillian Barker, Chair of Governors

On behalf of the Governing Body of Walthamstow School for Girls

Dear Parents/Carers

## **General Data Protection Regulation (GDPR)**

You may already be aware of the new General Data Protection Regulation (GDPR) which comes into force on 25<sup>th</sup> May 2018. This new regulation will replace the Data Protection Act 1998 and seeks to give individuals more control over how their personal data is used by organisations. We are not changing how we use or collect your information but aligning our policies and procedures with the new regulations.

The school processes personal data related to our students, parents and staff as part of the day to day running of the school. We wish to assure our school community that we are fully committed to being GDPR compliant. As such, we have updated our privacy statements which outline our procedures around handling your personal data. These can be viewed on the GDPR section of our website:

<http://www.wsfq.waltham.sch.uk/gdpr>

Our Data Protection Policy and Subject Access Request Procedure have also been updated in line with guidance from the Information Commissioners Office (ICO) and the Local Authority and can be viewed within the GDPR section of our website. We will also be writing to all our parents and carers over the next few months to re-request consent for use of personal data where it is needed to carry out essential school activities and to be explicit about what the data will be used for.

If you have any questions about the processing of personal data within the school please do visit the GDPR section of the school website or contact me through

### Information for Parents and Carers E-SAFETY - Free Parents' Guide - Instagram

The National Online Safety organisation has created a FREE guide to share with parents and carers about Instagram (the app with over 800 million users, including many of our students).

The guide informs parents and carers about the issues associated with Instagram and contains useful tips about how children can be protected when using the app.

The guide can be accessed at <https://nationalonlinesafety.com/resources/platform-guides/instagram-guide-for-parents/>

This will also be tweeted to parents/carers.

With thanks to the Online Safety Team for this information, which is part of their #WakeUpWednesday campaign.

Ms Pratt  
Assistant Headteacher

### Eid-al-Fitr Celebrations June 2018

The school requests that Parents / Carers inform Ms. King, the School Attendance Manager **in advance** of the day that your daughter will be absent for her religious observance.

Please put this information in writing. If you have not informed the school in advance as requested, you will receive an absence enquiry text as is school procedure.

According to the DFE and Borough guidelines, students are allowed three days' religious observance in an academic year. If your daughter's religious observance days exceed three in one academic year, the extra days will be marked as an unauthorised absence.

Eid-al-Fitr Mubarak  
Ms King  
Attendance Manager

## Mathé, the Pop Up Maths Café

A new group of Year 7 students are launched Mathé, the Pop Up Maths Café, in collaboration with the Gardening Club on Thursday 24th May.

Their idea is to raise funds to help save bees. There is a maths connection involving the Fibonacci sequence, please ask if you want to know more!

Cupcakes flavoured with honey or with bee-themed decorations were on sale. VEGAN cakes were available too.

Eric, the Beekeeper came in to deliver an interesting talk on bees.

Lena produced the poster to advertise the event

Ms Robinson and the Year 7 Pop Up Committee

## Our School History

Last weekend, I accompanied a group of Yr10 students on their Duke of Edinburgh Award expedition from Epping to Gilwell Park. The weather was perfect for walking - sunny, with a cooling wind. Here is a piece from the 1951 *Iris* magazine, by Frances Horovitz (née Hooker), which she wrote about Epping Forest, entitled 'World of Winter'.

Frances Horovitz (née Hooker) attended our school from 1949 and, after obtaining a degree in English and Drama at Bristol University, she went on to the Royal Academy of Dramatic Art. She then worked as a reader and presenter for the B.B.C. In the 1970's she started writing poetry, as well as teaching and performing. Her son Adam also became a published poet and performer. Sadly, she died of cancer at the age of 45 in 1983.

Ms Kelly,  
LRC Manager.

### World of Winter

*I am taking a walk through Epping Forest in mid-winter.  
Everybody said I was rather silly but I don't think so.  
There is an atmosphere of silent gloom in the wood.  
A stream tinkles on its lonely way; somewhat sad the tinkling seem, too,  
although the stream was going to its doom. When you step on the old dead  
leaves, they crunch and echo in a tone that seems complaining.  
Rooks circle and wheel in the frosty air disturbed, screaming harshly at you to go  
away and leave them in silent peace. The gaunt black trees sway menacingly as  
an icy gust hits them. Snow hasn't yet come to conceal their great black limbs.  
A robin chirps, gladly on a holly hush studded with berries; an island of cheerfulness  
in the vast bleak scene stretched before me. I envy the squirrels tucked away  
in their warm drays. They are shut out from this unwelcoming world of Winter.  
Still, Winter has a certain quality about it, a quality of stern, cold beauty,  
created by glistening snow and shining frost, by the coldness in the air.  
Ah! The high road is in sight; I leave this majestic and imperial world and go back  
to civilisation!*

Frances Hooker, 2.H

*"The fool doth think  
he is wise,  
but the wise man knows  
himself to be a fool.."*

Rosalind and Celia are forced to flee the tyranny of the court, and find sanctuary in the near-mythical forest of Arden. There - amongst the clowns and the cynics, the romantic youths, the shepherds and shepherdesses and the banished Lords living like Robin Hood's merry men - they come of age and learn the true value of love and friendship.

We are pleased to present Shakespeare's golden and much-loved romantic comedy. The one where brother is set against brother and girls pretend to be boys pretending to be girls. With four weddings and no funeral, two fights, one deer, and music and song aplenty.
