

## **Before I Die**

Before I die

I want to eat all the pie

Mostly I don't want to lie

Before I die

I don't want to see people dying

And hearts lying

Everybody is crying

Before I die

I want to see everyone smile

I don't want to learn textiles

But I want everyone to walk a mile

Before I die

I want faces to shine

But not like mine

And to make sure everybody has a spine

Before I die

I would like to say goodbye

Goodbye....

I don't want to die

I want to live in peace

I want my life to increase
