Tuesday 16<sup>th</sup> September 2025

Dear Parents and Carers,

We are always looking for ways to strengthen the partnership between school and home, and to make it easier for you to keep up to date with your child's progress and school life. With this in mind, we are pleased to introduce an app called **EduLink One**, new to staff students and parents at WSFG, which we will be rolling out to all parents and carers this term.

Previously, we have had a number of apps to send you information about your child's learning or progress. EduLink One aims to bring together key information about your child in one simple, easy-to-use app, accessible on your phone, tablet, or computer making it easier for you to have everything you need to support your child in one, central location.

From launch, you will be able to:

- View your child's **attendance**
- Keep track of **achievement points** and **behaviour points**
- Check their **timetable**
- **Report absences** quickly and easily
- Access **catering links** for school meals

We plan to add further features over time, including homework and parents' evenings, helping you to stay even more connected to your child's learning journey.

Your login details will be sent to the email address we currently hold on our school records. In the coming weeks, we will also add further guidance to our school website, including links to short information videos produced by EduLink One, to help you get started. To help you get started, we have sent a quick 'how to' guide with this letter to help you get up and running.

If you experience any difficulties setting up the app, please don't hesitate to contact us via the main school email: [info@wsfg.waltham.sch.uk](mailto:info@wsfg.waltham.sch.uk). We will be happy to support you.

We very much hope EduLink One offers a more streamlined and simple solution to strengthen communication and provide you with a clearer picture of school life. Thank you for working with us as we launch this.

Warm regards,

Nick O'Brien  
Deputy Headteacher
